MEMORANDUM

To: Pomfret Selectboard
From: Pomfret Audit Board
Date: November 26, 2019
RE: Pomfret Annual Report Timeline

As it is budget time again, the Audit Board presents the following recommended timeline to assist the Selectboard in its budget deliberations and decision-making. Meeting these deadlines is important for the timely preparation of the Pomfret Annual Report. We also will appreciate knowing the Selectboard member who has been delegated to draft and submit each of the reports listed below.

December 18, 2019

- **Final Budget Town and Highway**
- **Selectboard Report**
 - Please keep to one page
- **Selectboard Budget Narrative**
 - Please keep to one page
- **Reserve Funds:** Anticipated spending from reserve funds FY 2020 & FY 2021
- **Draft Warning**

January 22, 2020

- **Final Warning**

Other Reports/Policies of Interest

We are requesting the above timeline so that the Audit Board can receive all that is required from the Selectboard by middle of December. The final budget and spreadsheets we have provided give you the information you need to complete, at the same time, the Selectboard Report, the Selectboard Budget Narrative, anticipated spending from the reserve funds, and the Warning draft.

The Audit Board is working hard to assemble, proof, prepare our own reports, and format all the elements provided by your Board and many other contributors at an earlier date this year. In the past, we have been able to obtain reports from most of the other contributors on a timely basis. We are now dependent on the Selectboard to provide us with your reports to finish our work so that we can format our final Annual Report document to meet the deadlines of the printer.

We thank you for your cooperation and timely assistance.
