

Pomfret Town Hall Survey

The Pomfret Town Hall Revitalization Committee would like to collect community feedback regarding ongoing utilization of the Town Hall in order to maximize the impact of efforts to improve the building's functionality. The Town received a Municipal Energy Resilience Grant to assess energy efficiency needs and outline potential options for accessibility improvements. Your participation is important as we consider factors like bathroom expansion for accessibility, accessibility improvements to both the front and rear exits, and constraints within the existing footprint of the building.
